

The screenshot shows the ContactSuite Home dashboard for user Kevin Consen. The interface is divided into several sections:

- Navigation Bar (1):** Located at the top, it contains icons for Home, Interaction, Performance, Reports, Availability, and Settings. A pink circle with the number '1' highlights the Settings icon.
- Status Indicator (2):** Located in the top right corner, it shows the user's status as 'Beschikbaar' (Available) with a green dot and a yellow circle with the number '2'.
- Main Content Area (3):** The central part of the dashboard, featuring a donut chart and contact details. A purple circle with the number '3' highlights the donut chart.

The donut chart displays the user's status distribution:

Status	Count
Ingelogd (Logged In)	1
Beschikbaar (Available)	1

The contact details section shows:

- Phone: 201
- Identity: Onderdelenshop B.V.

The top right corner displays the time '14:50' and the date 'April 29th 2020'.

1. Navigation

2. Status

3. Widgets

## **1. Navigation**

This is the main navigation of ContactSuite. Here you can find the applications that you have been granted access to within the role that has been assigned to you as a user.

## **2. Status menu**

With this menu you can change your status or log out. When you log out it is possible for your last known status to be persistent for a duration set by your administrator. When desired, you can easily change your phone or outgoing identity in this menu as well. Quick and easy, anywhere in the application.

## **3. Widgets**

On the homepage you'll find widgets that correspond with the applications that are accessible within your role. These are quick, easy to use, actions of different parts in ContactSuite. The collection of widgets and is ever expanding. This way your ContactSuite homepage is a personalised environment to help you get started immediately.
